

Parkway Post Top

A timeless disc shaped post top lantern using high wattage lamps to suit large open landscape lighting applications. Parkway is available in two fixture sizes to suit one or two lamps up to 400W. Remote in-pole

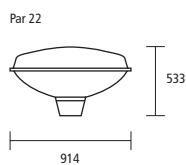

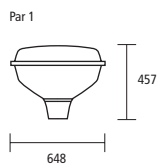

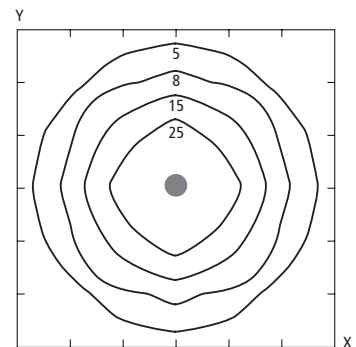

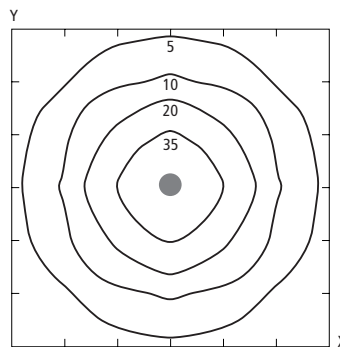

mounted control gear can be ordered separately.

Applications

- Public Parks Large Open Spaces
- Car Parks Shopping Malls
- Schools Beach Fronts

Photometric design data

Horizontal illumination – Parkway 1 PAR1 400SON

Mounting height – 9.0m Area – 36m x 36m
 X increments = 6.0m Y increments = 6.0m
 Plane height = 0.0m

Illumination conversion factors for different heights

Height	Multiply	Height	Multiply
7.5m	: 1.44	10.5m	: 0.73
9.0m	: 1.00	12.0m	: 0.56

Horizontal illumination – Parkway 2 PAR22 250MHl

Mounting height – 9.0m Area – 36m x 36m
 X increments = 6.0m Y increments = 6.0m
 Plane height = 0.0m

Wired to AS3137 and EMC approved

See page 99 for remote control gear options

Pole spigot size = 76mm O.D.

Product reference

Lamp and control gear ordered separately

PAR1	one lamp up to 400W
PAR22	two lamps up to 400W
